DO No.215/CEO-GeM/2020

Dear Sir/Madam,

As you are kindly aware, the Government e-Marketplace (GeM) has been established by the Government of India as the National Public Procurement Portal.

2. In order to meet the aspirations of all the buyers and sellers and the other stakeholders, GeM is continuously working towards improvements and enhancements in existing features and functionalities and deployment of new features and functionalities that can address diverse procurement needs while ensuring the basic principles of transparency and efficiency in public procurement.

3. I would like to inform you that in recent months GeM has introduced the following major features and functionalities:

- A. **Implementation of the Unified Procurement System in which the next version of GeM, viz., GeM 4.0 is being anchored:** In accordance with OM dated 23/1/2020 issued by the Department of Expenditure, all Central Government buyers will be required to obtain a "GeM Availability Report and Past Transaction Summary" to take informed procurement decisions. GeM will prompt buyers of Ministry of Defence, Railways and CPSEs to publish a "custom bid" on GeM itself for estimated order value exceeding INR 50 lakhs if the goods or services that a buyer is looking for is not on the platform. If a buyer decides to publish the bid outside GeM on the Central Public Procurement Portal (CPPP) for example, the corresponding ID of GeM Availability Report will be required as a mandatory input before publishing of a bid can be allowed on platforms such as CPPP. This ID will be validated in real time with GeM. After validation, a copy of the published tender will be returned to GeM for analysis. The integration of GeM with CPPP is live. The functionality of "custom bid" went live on October 7, 2020. The feature of "custom bid" will be in operation till all categories of products and services required by diverse buyers are made available on GeM. This feature will provide a single user experience to buyers under the Unified Procurement System mentioned in para 48 of the budget speech for FY 2020-21. This will also enable vendors to respond to bids for goods and services from GeM with the resultant advantages of better price discovery, economies of scale and dissemination of best practices.

- B. **Seeking clarification from bidders:** It is now possible to seek clarifications from Bidders, on-line through GeM portal, with complete audit trail, if the Buyer is unable to decide on the technical suitability of a bidder based on the available information.

- C. **Introduction of a challenge rejection window for transparency and for curbing unjust and unfair rejection during technical evaluation:** Visibility of reasons of rejections to all sellers has been provided with a 48 hour challenge rejection window after technical evaluation, thereby increasing transparency and avoiding possibly erroneous / unfair decision.
- D. **Adding new specifications to categories at the time of creating bids:** Buyers in CPSEs, Railways and Defence can now add up to five new specifications parameters to create an instance of category with these new specifications for a particular bid. This will remove the constraint of not being able to add essential specifications in a category that a buyer might be looking for.
- E. **Uploading drawings/ scope of work in bids:** Upload of drawings / scope of work in bids is now allowed in certain categories (need based).
- F. **Staggered delivery:** Staggered Delivery is now enabled on GeM.
- G. **Supplementary Bill/ Invoice/ CRAC:** Generation of Supplementary Bill/ Invoice/ Consignee Receipt and Acceptance Certificate (CRAC) is now enabled on GeM.
- H. **Implementation of OM dated 23/1/2020 regarding timely payments:** As part of the implementation of this OM, generation of Auto PRC / Auto CRAC have been enabled. Milestone based payments will go live by November, 2020.
- I. **Implementation of OM dated 3/7/2020 of Department of Expenditure regarding charging of interest on delayed payments:** The OM regarding charging of interest on delayed payments is also being implemented and the interest charged on account of delayed payments for orders placed on or after October 1, 2020 will be shown in the buyers' dashboard by November, 2020.
- J. **Visibility of all contracts on GeM homepage:** In order to further enhance transparency and enable buyers to access details of all procurements happening on GeM and take informed procurement decisions, visibility of all contracts on GeM homepage has been provided.
- K. **Introduction of advanced bid search module:** An advanced bid search module has been introduced to enable sellers to look for additional opportunities and diversify their businesses and grow with GeM, which, in turn, will result in wider seller participation and better price discovery for buyers due to increased participation of sellers.
- L. **Single view of participants in a bid:** Buyers can now compare the technical specifications of all participants in a single view with a download option for an easier evaluation.
- M. **Rating of sellers by including the feedback of buyers and consignees apart from the transaction history on the platform:** Buyers / consignees can now rate sellers based on their procurement experience. The feedback from buyers and consignees along with the transaction history on the platform will be taken into account while rating sellers on the platform in a transparent and objective manner. The model of rating of sellers of products has already been finalized. The model of rating of service providers is expected to be finalized shortly.

- N. **Flexibility in procurement lifecycle:** Flexibility in procurement lifecycle has been introduced by allowing extension of Offer Validity, Bid Lifecycle and Delivery Period on Buyer dashboard.
- O. **Invitation to certain sellers to participate in specific bids:** A separate module has been built on GeM to enable buyers to invite sellers to participate in bids thereby increasing competition, price discovery and savings.
- P. **Revamping of bid module:** Introduction of pre-bid queries / clarification module, anonymizing complaints, queries, clarifications from sellers is planned to go live by November 2020.
- Q. **Consignee Wise Item Wise bidding:** Consignee wise and item wise bidding will be enabled by December, 2020.
- R. **Demand aggregation:** Demand Aggregation within an organization is expected to go live by December 2020 for economies of scale and more efficient price discovery.
- S. **Seller invitation module:** GeM has created a seller invitation module to enable buyers to invite new sellers to onboard GeM and accelerate the process of onboarding of vendors on GeM.
- T. **Crowd sourcing of categories and sellers:** GeM has created a separate module for enabling buyers and sellers to suggest the creation of a new category on GeM. This will help in a faster and focused creation of categories.
- U. **Bypassing of email uniqueness validation when adding a secondary buyer:** This will enable the tagging of a secondary buyer with multiple primary buyers as the email uniqueness validation of a secondary buyer has been bypassed.
- V. **Creation of categories in a time bound manner in GeM:** A system has been set up in GeM whereby a buyer can request for category creation on GeM with complete specifications, which will be acknowledged, and the category will be created within a pre-defined timeframe and notified to the buyer. This will be in addition to the requests for categories received through the module of "crowd sourcing of categories and sellers" which was went live in March 2020.
- W. **Introduction of local filter for difficult areas:** As per OM dated 30/9/2020 of the Department of Expenditure, local filter is being enabled for difficult areas for one year subject to use by buyers in appropriate circumstances (by recording detailed justification) and where buyers found the prices of local sellers reasonable. This will enable a buyer to apply such a filter at district level. Further, in all cases before finalizing, the purchaser will be required to obtain and upload financial concurrences for buying the items at higher rates whenever required. This will go live by December, 2020.
- X. **Introduction of caution money deposit:** In order to deter sellers from declining/ refusing orders up to INR 5 lakhs in the Marketplace, a provision for one time caution money from sellers on GeM to cover the requirement of Performance Security etc. in respect of contracts that are not governed by the requirement of Performance Bank Guarantee (PBG) is being implemented with concurrence of the Department of Expenditure. This will go live by November, 2020. All sellers on GeM will be required to deposit a one-time amount as under as caution money:

- i. Seller Turnover less than 1 Crore: Rs 5,000/-
- ii. Seller Turn over > 1 Crore but < 10 Crore: Rs 10,000/-
- iii. Seller Turn over > 10 Crore : Rs 25,000/-

Y. **Introduction of GeM Seller ID:** According to instructions contained in Department of Expenditure OM no. 6/9/2020 - PPD dated 24.08.2020, it is now mandatory for sellers providing Goods and Services to Central Government Organizations (except Railways and for order value exceeding INR 25 lakhs) to be registered on GeM and obtain a unique GeM Seller ID, at the time of placement of order / acceptance of contract. This ID shall invariably be incorporated in every Supply Order / Contract / Agreement / Purchase Order, while awarding any contract / order for procurement by any Central Government Organization wef 1/11/2020. All sellers registered on GeM have now been assigned with a Unique GeM Seller ID. Sellers can check their Unique GeM Seller ID in the 'My Profile' section on seller dashboard. This ID has to be used by the sellers in all bids outside GeM also in which they participate and in which they are awarded contracts.

4. It is, requested that all Departments / PSEs / other Buyer Organizations under the State government may kindly be made aware of these features and functionalities to accelerate their onboarding on GeM, to enable them to derive the full potential of GeM and share their feedback so that further improvements and enhancements of these processes can be taken up according to requirements.

With Regards,

Yours sincerely,

DO No. 226/CEO-GeM/2020

19<sup>th</sup> November, 2020.

Dear Sir/Madam,

As you may be aware, the Government e-Marketplace (GeM) has been established by the Government of India as the National Public Procurement Portal.

2. In order to meet the aspirations of all the buyers and sellers and the other stakeholders, GeM is continuously working towards improvements and enhancements in existing features and functionalities and deployment of new features and functionalities that can address diverse procurement needs while ensuring the basic principles of transparency and efficiency in public procurement. A list of major features and functionalities introduced during the recent months in GeM have already been shared with you vide DO No: 215/CEO-GeM/2020 dated 10/11/2020.

3. GeM now has 10,301 product categories compared to 4,701 a year ago (an increase of 119%) and 173 service categories compared to 119 a year ago (an increase of 45%). The cumulative total transaction value on GeM now is INR 71,900 crore compared to 38,205 crore a year ago (an increase of 88% YoY). Similarly the number of sellers is 7,42,941 compared to 2,99,370 a year ago (increase of 148%), the number of MSME sellers is 2,42,460 compared to 59,751 a year ago (increase of 306%), the number of startups is 7,450 compared to 3,530 a year ago (increase of 111%) and the number of primary buyers is 48,035 compared to 40,315 a year ago (increase of 19%).

4. Apart from the introduction of several new features and functionalities, GeM is continuously striving to improve the journeys of buyers and sellers on the platform. I am happy to share with you that a total of 1400+ software processes have been completed on the platform between August 2019 till October 2020 out of which 270 are major enhancements and improvements. Another set of 325+ process enhancements consisting of 60 major ones are planned in November-December, 2020. This should result in significant ease of procurement and enhanced transparency in procurement of goods and services on GeM. Revamping and redesigning existing services and creating new services is part of this exercise.

5. Based on the feedback received from various buyers and service providers, the following common use existing services have been revamped in recent months and are live on the platform:

|                               |             |
|-------------------------------|-------------|
| FINANCE DEPARTMENT            |             |
| CHIEF SECRETARIAT, PUDUCHERRY |             |
| U.O.No.:                      | 2139        |
| Received on                   | 24 NOV 2020 |
| Despatched on:                |             |

- 5.1 Cab and Taxi hiring service: Monthly and Short Term.
  - 5.2 Canteen Service: Employee Welfare Model, Leave and License Model, best prices on fixed Menu Rate Model.
  - 5.3 Catering Service: Duration based and event based.
  - 5.4 Goods and Transport Service: Trip-wise, Per MT Per Trip, Monthly basis, KM basis, Per MT Per KM basis, with or without packaging service.
  - 5.5 Laundry Service: Laundry-Health Care, Laundry-Commercial/ Industrial, Laundry-Upholstery.
  - 5.6 Human Resource Outsourcing Service: Minimum wage based, fixed remuneration based.
  - 5.7 Printing Service: Paper based, non-Paper based, Promotional/Merchandise/ Office Gifting based.
  - 5.8 Pest and Animal Control: 19 types of services including Bedbug Control, Termite, Insects, Rodents, Cockroaches, Birds, Monkeys, etc.
  - 5.9 Cleaning, Sanitation and Dis-infection Service: Manpower based and Outcome based. 11 types of services including General cleaning, Deep Cleaning, Steam Cleaning, Septic Tank Cleaning, Polishing, Sterilizing, Nano Tech/Laser Cleaning, Disinfection, etc.
  - 5.11 Security Manpower: With additional filters for eligibility/qualification
6. In addition to the above, the following new services have been created in recent months and are live on the platform:
- 6.1 Ambulance Service: Monthly and Short Term.
  - 6.2 Facility Management Service: Outcome based and Manpower based.
  - 6.3 Horticulture Service: Outcome based and Manpower based.
  - 6.4 Hiring of Agency for Design, Development, Implementation and Maintenance of Websites, Web Portals, Web Enabled Applications and Mobile Apps.
  - 6.5 Air International Logistic Service.
  - 6.6 Sea International Logistic Service.
  - 6.7 Custom Clearance Service.
  - 6.8 Hiring of Consultants: Technology, Management, Functional and Subject matter experts.
  - 6.9 Hiring of Resources for Application Development and Maintenance.

- 6.10 Hiring of Cloud and Data Centre Specialist
- 6.11 Procurement of SAP Certified ERP Application Compute/ HANA DB Compute.
- 6.12 Cloud based Video Conferencing Service.
- 6.14 Managed Services for Cloud System.

7. Some of the new functionalities/ features introduced in the revamped/ newly created services, which are likely to enhance the ease of procurement and quality of services, are as follows:

- 7.1 Eligibility and technical criteria made more comprehensive and exhaustive.
- 7.2 Provision for buyers to upload Scope of Work.
- 7.3 Provision for buyers to upload additional Service Level Agreement (SLA) conditions, which are not repugnant to the Terms and Conditions of GeM.
- 7.4 Option for buyers to indicate any role under Custom Variant, if it is not available in standard list of HR Outsourcing Services.
- 7.5 Add-on parameters linked to core parameters (ease of selection for buyers).
- 7.6 Search functionality enabled to select particular option in the list of parameters.
- 7.7 Buyer can create a bunched bid for various resources and also indicate duration of usage of each resource within the contract period.
- 7.8 Introduction of "Bid only Service" format wherein Service Providers need to provide the rates only against a bid and not in the market.
- 7.9 Tool tips have been provided against various parameters for better appreciation of buyers and service providers.
- 7.10 Facility for the buyers to create custom package in addition to standard packages available in the market for cab and taxi hiring service.
- 7.11 HR Outsourcing: Buyer to provide break-up of basic pay, PF, ELDI, Bonus and other non-mandatory compliances. Details of components of remuneration will reflect in the bid as well as in the contract.

8. Since the creation of a new service may be a time-consuming process, a new service template called **Custom Bid for Services** has been created. This template is visible in the list of services in Service Category on GeM Website. A similar functionality of **Custom Bid** has been introduced for products. With the introduction of the functionality of **Custom Bid for Products and Services**, a buyer can procure any product or service, which may not be currently available on

S (Pm)

GeM and consequently, there may not be any need for any organization to step outside GeM for procuring a product or a service under ordinary circumstances. The service template allows the buyer to upload description of service, scope of work, SLA, payment terms, etc. for procurement of a Custom Service. The buyer can procure the service either by adopting the Least Cost Selection (LCS) method or the Quality cum Cost Based Selection (QCBS) method.

9. Although 173 services are currently available on GeM, the procurement of services by State Government Organisations is far below the potential. It is, requested that all Departments / PSEs / other Buyer Organizations under the State Government may kindly be made aware of the availability of these revamped and new services to enable them to derive the full potential of GeM and share their feedback so that further improvements and enhancements of these processes can be taken up according to requirements. It is further requested to issue necessary instructions to all PSEs and Departments/Organisations under the State Government to procure all products and services through GeM.

With regards,

Yours sincerely,

  
19/11/2020  
(Talleen Kumar)

To All Chief Secretaries of States and Union Territories.

OFFICE OF THE SECRETARY

Tapal No. 2929 Secy Fin 2020

Received on 19.11.2020

Despatched on 20.11.2020

DO # S-11057/03/2018/SVEP (363500)

November 18, 2020

Subject: SHG products on Government-e-Market place (GeM).

Dear Colleagues,

The Deendayal Antodaya Yojana - National Rural Livelihoods Mission (DAY-NRLM), the flagship livelihood programme of the Ministry is one of the world's largest institutional platforms of the poor. As on date, 7.4 crore women have been mobilized into 66 lakh SHGs and are engaged in various activities to improve their livelihood and quality of life.

2. The livelihood initiatives of the mission are supporting businesses run by women, both small and large, including Farmer Producer Organizations (FPOs) that are engaged in producing food products, handicrafts and handloom etc. As part of the efforts to connect producers to markets, NRLM has set-up "the Saras Collection", exclusive market place for curated SHG products from across the country on Government-e-Market (GeM).

3. As of now, around 700 products made by SHG women from 15 states under five categories of Handicrafts, Handloom textiles, Office accessories, Grocery and pantry, and Personal hygiene and care are on GeM. This will be scaled up to more than 1,000 products in the coming months.

4. I would request you that all the Ministries and district administration of your state may be directed to procure products from GeM "Saras Collections" for their department needs, specially for hostels, schools, hospitals, reform homes, jails etc and all offices in general. Besides getting value for money, these will ensure that the entire money reaches the rural women entrepreneurs. A catalogue about the selected rural products is attached for quick reference. The products can also be accessed at <https://gem.gov.in/saras-ajeevika>.

5. I hope that together our actions will make a difference in government procurement and rural women entrepreneurs from NRLM.

With warm regards,

encl: as above

The Chief Secretaries of States/UTs  
(as per list attached)
